

# FLEXX SERIES 200 MOBILE DC CHARGER

*Reliable Power Wherever You Need It*

## FLEXX SERIES 200 MOBILE DC CHARGER

Our mission is to deliver reliable power so that electric mobility is never constrained by location or infrastructure. We introduced the FLEXX 200 to bridge the gap between basic mobile chargers and the higher demands of medium-to-large EV fleets or remote work sites. With a 200 kWh onboard battery, this unit handles multiple fast-charging sessions before needing its own recharge. From powering a pop-up event booth to supporting a fleet yard undergoing grid upgrades, the FLEXX 200 provides a reliable, towable solution that delivers more energy, longer runtimes, and the flexibility to operate virtually anywhere.

## EXCELLENCE IS IN THE DETAILS

- 200 kWh Onboard Battery
- Up to 120 kW DC Output
- High-Efficiency Three-Level Topology
- Multi-Mode Recharging
- CCS1 Charging Standard
- 12.1" Touchscreen Interface
- Swipe Card & QR Code Payments
- OCPP Integration
- IP54 Weather Resistance
- Built-In Safety Protections
- Towable Trailer Chassis
- Accessible Maintenance Points
- Quiet Operation
- 14°F to 131°F Operating Range

# FLEXX SERIES 200 MOBILE DC CHARGER CAPABILITIES & DIMENSIONS

## FLEXX SERIES 200 MOBILE DC CHARGER

## BATTERY SPECIFICATIONS

BATTERY CHARGING POWER	16kW (AC) - 120kW (DC) - NEMA 10kW	CYCLES	> 4000
BATTERY OUTPUT	12VDC 10A - 220VAC 15A - 110VAC 18A	CELL TYPE	3.2V/120Ah (LFP)
CHARGING VOLTAGE	240V (AC) - 700V (DC)	RATED VOLTAGE	614V
CHARGING STANDARD	CCS1	RATED FREQUENCY	50/60Hz
NOMINAL CAPACITY	200kWh	COOLING METHOD	Air-Cooled
BATTERY VOLTAGE RANGE	537 ~ 700V	IP LEVEL	IP54
DEPTH OF DISCHARGE	< 90% DOD	SAFETY CERTIFICATION	UL

**On-the-Go Charging:** Mobile units designed for easy transportation, ready to charge EVs wherever they are needed.

**Efficient Charging:** Over 93% efficiency in converting grid and renewable energy to vehicle charging.

**Diverse Use Cases:** Ideal for fleet operations, construction sites, emergency response, event venues, and more.

2360 Clark St, Unit C,
